INDEPENDENT AUDITORS' REPORT

The Board of Directors of
The Vertical Trading Group, LLC
(D/B/A The Vertical Group)
(A Wholly Owned Subsidiary of RAS Holdings, LLC.)

We have audited the accompanying statement of financial condition of The Vertical Trading Group, LLC (D/B/A The Vertical Group) (A Wholly Owned Subsidiary of RAS Holdings, LLC.) (the "Company") as of December 31, 2009, and the related statements of operations, member's equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Vertical Trading Group, LLC as of December 31, 2009, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the additional schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

LINE OF BUSINESS

The Vertical Trading Group, LLC (D/B/A The Vertical Group) (the "Company") is a registered broker dealer engaged primarily in the execution of stock transactions for its parent and its customers. The Company is a registered broker/dealer with the Securities & Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a non-clearing broker and does not handle any customer funds or securities. The Company derives revenue mainly in the form of trading income from sale of stocks traded on various stock exchanges on behalf of the Company's parent as well as from commissions earned from executing trades on behalf of customers. The Company maintains offices in New York City, New York and Richmond, Virginia. The Vertical Trading Group, LLC was formed as a single member LLC in New York State in August 2005 and is a wholly-owned subsidiary of RAS Holdings, LLC (the "Parent").

REVENUE RECOGNITION

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company's parent are recorded on a trade date basis. Commissions earned on trades executed on behalf of customers are also recorded on a trade date basis.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

The Company considers cash and all highly liquid instruments with original maturity of three months or less to be cash equivalents. The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

(A Wholly Owned Subsidiary of RAS Holdings, LLC.)

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES(CONTINUED)

FINANCIAL INSTRUMENTS

The Company's financial instruments include cash, trade and affiliate accounts receivables and payables and bank debt for which carrying values approximate fair values due to the short maturities of those instruments, and investments in marketable securities

PROPERTY, EQUIPMENT AND DEPRECIATION

Property and equipment is stated at cost. Major expenditures for property and those which substantially increase useful lives are capitalized. Maintenance, repairs, and minor renewals are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and resulting gains or losses are included in income. Depreciation is provided on the straight-line method over the estimated useful lives of the assets.

OFF-BALANCE SHEET RISK

In the normal course of business the Company's customer and correspondent clearance activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or clearing agent is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities whose counterparties primarily include broker-dealers, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party with which it conducts business.

RECENT ACCOUNTING GUIDANCE NOT YET ADOPTED

During 2009, the Financial Accounting Standards Board (FASB) issued authoritative guidance on revenue recognition, consolidation of variable interest entities and fair value disclosures for non-financial assets and liabilities, which are not yet effective for the Company's financial statements. Management believes that these pronouncements will not be applicable to its financial statements or if applicable will not have a material impact on the Company's financial statements upon adoption.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 18, 2010, the date the financial statements were made available for issuance

2. MARKETABLE SECURITIES

FASB authoritative guidance on Accounting for Certain Investments in Debt and Equity Securities requires that certain investments in debt and equity securities be classified as either trading, available-for-sale or held-to-maturity. The Company determines the appropriate classification at the time of acquisition and reevaluates such determination at each balance sheet date. The Company has classified its securities as trading securities. Trading Securities are carried at fair value, with the unrealized gain or loss reported on the statement of operations.

FASB guidelines on *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs have the lowest priority. The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. As of December 31, 2009, the fair value of the marketable securities above, are based on quoted market prices (Level 1 inputs).

3. DUE FROM CLEARING AGENT

The Company is required to maintain a minimum deposit of \$100,000 with its clearing agent at all times. Additional deposits are required based on the types of long and short security positions held by the Company. Marginable securities require additional deposits equaling 25% of their respective long positions and 30% of their respective short positions, whereas non-marginable securities require deposits equaling 100% of their respective positions. As of December 31, 2009, the Company has \$3,744,002 on deposit including a receivable balance of \$85,509 with its clearing agent, less borrowings against security positions held, short and long of \$996,119 and \$547,789, respectively.

SUPPLEMENTAL INFORMATION

FOR THE YEAR ENDED DECEMBER 31, 2009

4. FIXED ASSETS

Major classes of fixed assets consist of the following:

	<u>estimated useful life-years</u>	
Computer equipment and software	2 - 3	\$ 130,125
Furniture & Fixtures	5 - 10	35,985
Leasehold Improvements	3	3,126
Less: Accumulated depreciation		<u>(57,466)</u>
Net fixed assets		\$ <u>111,770</u>

Depreciation expense for the year ended December 31, 2009 was \$37,856.

5. INCOME TAXES

Income taxes have not been provided because the Company is a Single Member Limited Liability Company whose income and credits are passed through to its parent company and combined with the income and deductions of the parent company to determine taxable income on the Parent's members' tax returns. Recently issued guidance by the Financial Accounting Standards Board (FASB) on Uncertainty in Income Taxes had no effect on the Company's financial statements principally because of its status as a non taxable "pass-through" entity for federal and state income tax purposes

The Company files U.S. federal income tax returns and state and local income tax returns in New York and Virginia. Returns filed in these jurisdictions for tax years ended on or after December 31, 2006 are subject to examination by the relevant taxing authorities.

6. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the Company to maintain minimum dollar net capital of \$1,000,000. At December 31, 2009, the Company had net capital of \$3,874,957 which was \$2,874,957 in excess of its required net capital of \$1,000,000. The Company's ratio of aggregate indebtedness to net capital is .43 to 1.

7. ADVANCE TO EMPLOYEES

As of December 31, 2009, \$21,848 is due from employees of the Company. The advances bear no interest and are payable on demand.

SUPPLEMENTAL INFORMATION

FOR THE YEAR ENDED DECEMBER 31, 2009

8. LOAN PAYABLE – BANK

The Company has a credit facility with a bank for \$100,000 with interest due monthly at prime plus 1%. There is no balance due at December 31, 2009. Interest expense for the year amounted to \$153.

9. COMMITMENTS AND CONTINGENCIES

In August 2009, the Company entered into a lease agreement for its office space in New York City, New York commencing in September 2009 and expiring in August 2012 that requires minimum annual rents plus increases based on operating costs.

Minimum annual rental payments at December 31, 2009 are as follows:

2010	\$ 100,667
2011	102,680
2012	69,360
	<u>\$ 272,707</u>

Rent expense for the year ended December 31, 2009 was \$64,533.

10. RETIREMENT PLAN

The Company sponsors a 401(k) retirement plan that covers all eligible employees with more than three months of service. Under the 401(k) salary reduction provisions of the plan, employees may elect to defer a portion of their compensation, subject to statutory limitations, and have the deferred amounts contributed to their retirement accounts, which become fully vested immediately. The plan also provides for employer discretionary matching contributions and non-elective discretionary employer contributions, which vest over six years. The Company did not elect to make a discretionary matching contribution for 2009.

To the Board of Directors of
The Vertical Trading Group, LLC
(D/B/A The Vertical Group)
(a Wholly Owned Subsidiary of RAS Holdings, LLC.)

In planning and performing our audit of the financial statements and supplemental schedules of The Vertical Trading Group LLC (D/B/A The Vertical Group) (a Wholly Owned Subsidiary of RAS Holdings, LLC)) (the Company), as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, comparisons and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control including control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Member of the Company, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

(D/B/A The Vertical Group)
(A Wholly Owned Subsidiary of RAS Holdings, LLC)

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [Transitional Assessment Reconciliation (Form SIPC-7T)] to the Securities Investor Protection Corporation (SIPC) for the period from April 1, 2009 to December 31, 2009, which were agreed to by The Vertical Trading Group, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating The Vertical Trading Group, LLC compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). The Vertical Trading Group, LLC management is responsible for the compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records (copies of checks), noting no differences.
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2009 less revenues reported on the FOCUS reports for the period from January 1, 2009 to March 31, 2009, as applicable with the amounts reported in Form SIPC-7T for the period from April 1, 2009 to December 31, 2009 noting no differences.
3. Compared adjustments, if any, reported in Form SIPC-7T with supporting documentation noting no differences.
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T, and in the related schedules supporting adjustments, if any, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
